WAUPACA ONLINE

Waupaca Online was designed with YOU in mind! Waupaca Online specializes in offering residents an affordable choice in internet access. Waupaca Online also strives to serve Waupaca's rural areas with high speed internet; in areas that DSL or Cable do not offer service.

Waupaca Online has no monthly data limits; offers customers a static IP address, the chance to name your speed and the fastest upload speeds in rural Waupaca.

WHAT OUR CUSTOMERS SAY

I have been VERY pleased with Waupaca-Online. I originally signed up when I lived in the country and could get no other internet connection, but it was the right thing to do in so many ways. Their service is right on! Thanks for all your help guys.

~Mary

Your upgrades have really changed your service to be something that is very good.
