

PARK AND RECREATION STATEMENT

April 8th, 2020

I wanted to send out an update as we continue to move through this COVID-19 unpredictable time. I hope that all of you are adjusting to this new normal and your families are doing well. If you have had a chance to follow our Facebook page or website you have noticed some different activities and websites to visit for things to do during this time. Take every opportunity you have to continue to move and learn while following all state and CDC guidelines.

My first reminder is that all of our playgrounds are still closed while parks continue to remain open. We have also closed the skate park and the batting cages near the concession stand at Swan Park. It is still encouraged that people use our parks and trails during this time, though social distancing and all other CDC guidelines should be followed.

With so many changes in a short amount of time, it is hard to know when we will get back to some sort of normalcy. We will continue to follow state and federal guidelines as we make decisions for the future. As a reminder, all spring programs are **postponed** at this time. We continue to work on preparing for our spring programs so if guidelines allow us to get to them we will be ready to go. Please continue to register on Activenets waitlist for spring programs you are interested in and we will continue to communicate about those programs. Again, if we have to cancel a program we will refund all money entirely. Also before running a program we will connect with all registered participants if dates/times have changed so that you will have an opportunity to withdraw if that does not work for your family.

There may be questions that we have not answered or things that we haven't thought about. Please reach out to us with any questions you may have. All of our office phone lines will go to our cell phones and we will receive any messages you leave. You may also reach out to us by email at any time.

Sincerely,
Andrew Whitman
Park and Rec Director
