

WAUPACA POLICE DEPARTMENT

2017 ANNUAL REPORT

The Mission Statement of the Waupaca Police Department is to serve our community with the enduring belief that in doing so, we serve ourselves. We believe that community problems require total commitment between ourselves and those we serve. As professionals, we view our responsibilities as covenant of public trust. We recognize that the primary purpose of our organization is not only the skillful enforcement of the law, but the delivery of humanitarian services which promote community peace.

Waupaca City Council
Waupaca Police Commission
Mayor Brian Smith
City Administrator Henry Velker

City Representatives,

On behalf of the fine men and women serving the Waupaca Police Department, I am proud to present the 2017 Annual Report. The report reflects the positive efforts of our sworn officers and civilian personnel as we continue to improve the department and services we provide to the community.

Inside the Annual Report you will find reports indicating the positive change our department is making with public. You will read about new and old programs that were started and have made a positive impact in the community.

An example of a positive change was when officers volunteered their time at the first department brat fry at Mills Fleet Farm. Officers sold food and talked with the citizens about the opioid epidemic. The money raised was used to purchase Naloxone for each of the officers to carry with them in their squads in case of an opioid overdose. The purpose of the Naloxone(Narcarn) is to block or reverse the effects of opioid medication. During the first two weeks of officers carrying Naloxone, officers deployed it twice successfully reversing the overdose.

Because of the relationship that our department has made with the community, we were also able to purchase and put into service tactical vests for each squad, tactical helmets for each officer along with accessories that were needed for each officer to carry. All the money used to purchase the necessary equipment was donated by the community in 2016.

A program we will continue to perform is serving food to the citizens that are in need at the Bread Basket. Officers have served an average of 200 meals per night. Our goal is to serve meals twice a year to this greatly needed program.

Our department will continue to work hand in hand with the citizens of this community and continue to provide the best police force possible. There are still many accomplishments ahead of us; however, I need to acknowledge the staff for the achievements they have made so far. This report truly is a reflection of their efforts. I will continue to thank each of the officers and thank the community for their endless support.

Respectfully submitted,

Brian Hoelzel
Chief of Police

Waupaca City Council
Waupaca Police Commission
Mayor Brian Smith
City Administrator Henry Veleker
Chief of Police Brian Hoelzel

Dear Representatives,

The Waupaca Police Department experienced numerous changes in 2017 as Brian Hoelzel started his first full year as Chief of Police and John Helgeson and Brent Krueger also began the year with new job duties. Officer Nate Nelson resigned from the police department to take a position with the Waupaca County Sheriff's Office. Officer Matthew Batte and Tom Grant were hired in April 2017 to fill the vacancies within the department. Both officers bring experience and expertise in areas which should benefit the department for years to come. Congratulations to Matt and Tom.

Officer Matthew Batte

Officer Thomas Grant

Officer Wes Zube began the 2017 school year as the new Police School Liaison Officer as Sam Van Dinter transitioned back to patrol division. Officer Zube also worked closely with the courts and schools to monitor and implement new programs to reduce the number of truancy violations.

PSLO Wes Zube

It is still the goal of the police department to add a full time drug officer in 2018-2019 as drug related arrest, specifically opioids, continue to increase in the City of Waupaca. A new drug court was established in 2018 and the City needs to take a proactive stance in funding this position.

Officers attended a minimum of 24 hours of state mandated training which included firearms qualification, legal update, drug identification training and basic search warrant writing and execution training. Detective Sergeant John Helgeson attended Leadership in Police Organization Training and other supervisors will attend this training in 2018. Officer Van Dinter attended a two week school for drug investigation which was put on by the Wisconsin Department of Criminal Investigations.

On behalf of all the dedicated professional members of the Waupaca Police Department, I would like to express our sincere gratitude to the members of the Police Commission, Mayor Brian Smith and the Common Council for their continued support.

Respectfully,

Geoff C. Johnson
Lieutenant

2017 Department Investigations Report

The Waupaca Police Department has made an effort to train Officers in law enforcement techniques ranging from evidence collection to interview strategies. The training provided to our staff has proven invaluable to the department's ability to effectively investigate, solve, and reduce crime within the City of Waupaca.

DEATH INVESTIGATIONS

While most death calls are the result of natural causes, the possibility of foul play or an accident must be considered. Training and experience is critical while investigating these calls, and it is our policy that a supervisor respond to all non-hospice deaths which our department investigates. A detective sergeant will be notified if the death appears to be anything other than natural causes. These investigations must be a cooperative effort along with the coroner's office, crime laboratory, District Attorney and other police personnel.

During 2017, our agency investigated ten non-hospice or unattended deaths. Six of the death investigations were found to be the result of natural causes relating to health issues. Two death investigations were motor vehicle fatalities and two death investigations were unattended and of a suspicious nature.

In May, Officers responded to a single motor vehicle accident near Oak Street in the City of Waupaca. Upon arrival, Officers located a truck which had left the roadway, entered the ditch and rolled over. Four passengers were found in the area with significant injuries. A fifth passenger identified as a 22yr old male was found unconscious with agonal breathing. Officers on scene, began chest compressions on the 22yr old male. Gold Cross Ambulance arrived on scene and transported injured subjects. The 22yr old male was transported to Theda Care of Neenah and later succumbed to his injuries.

As a result of this incident, multiple search warrants were executed. A Reconstructionist with the Wisconsin State Patrol assisted our department with reconstruction of the scene and evidence collection. The Waupaca County Sheriff's Department assisted our department on the initial response as well as forensic recovery of cellular phone data.

In September, Waupaca Officers and ambulance personnel were called to a residence for a report of a four month old infant who was found unconscious and not breathing. Officers responded and began chest compressions on the child. Gold cross ambulance arrived and continued life saving measures on the child prior to transport. The child was transported by ambulance to Theda Care of Waupaca and later flown to UW Children's Hospital in Madison. The child later passed away at the UW Madison Children's Hospital. Investigatory measures were completed on this incident including, interviews, a

search warrant, consultation with the District Attorney, Coroner's Office and medical pathologist. The Waupaca County Sheriff's Department assisted in forensic recovery of cellular phone data.

In October, Waupaca Officers and ambulance personnel were called to a residence for a male with a gunshot wound. Upon arrival, Officers found a 31yr old male bleeding on the kitchen floor with a gunshot wound to his head. Gold Cross ambulance personnel arrived on scene and attempted life saving measures which were unsuccessful. A search warrant was obtained on the residence and the Wisconsin State Crime Laboratory responded to the scene to assist with evidence collection. A Reconstructionist with the Wisconsin State Patrol also responded to the scene. Investigation of this incident further involved the Waupaca County Coroner's office, and Medical Pathologists Office of Fond Du Lac. The Waupaca County Sheriff's Department additionally assisted in forensic recovery of cellular phone data.

In November, the Waupaca Police Department responded to the eastbound ramp of Highway 10 from the Highway 22/54 bypass after a report of a vehicle on its roof. Upon arrival, Officers located a single vehicle which had left the East Gate Drive and crashed into the ditch. A 54yr old male was found in the driver's seat of the vehicle which was locked and not running. Personnel on scene used a baton to force open a window and gain access to the vehicle. The 54yr old male was removed from the vehicle and found to be deceased. The Waupaca County Coroner responded to the scene and assisted in the investigation.

SENSATIVE CRIMES

Sensitive crimes are crimes related to sexual assault and/or sexual abuse of a child or an adult. These type of crimes are very personal in nature and can be psychologically damaging to the victim. During the investigation of these crimes, it is important to focus on the victim while ensuring necessary evidence is collected.

Eighteen sex offenses were investigated by our department in 2017. Some of these investigations were resolved by interviews coordinated with Waupaca County Human Services and our department. Others require more in depth investigatory means such as data recovery, DNA recovery or forensic interviews.

In January, the Waupaca Police Department received a report of a 19yr old adult male using a social media site to contact and lure a minor child to his residence. While at the residence, the adult and minor child engaged in sexual intercourse which was later reported to our department. A forensic data recovery was completed as well as a forensic interview of the child using the child advocacy center in Neenah. A 19yr old male was charged with 2nd degree sexual assault of a minor, child enticement and use of a computer to facilitate a child sex crime.

In March, the Waupaca Police Department received a report of an 18yr old male having sexual intercourse with a minor victim inside an abandoned building within the City of Waupaca. Interviews were completed with potential witnesses along with a forensic interview of the victim using the child advocacy center. The 18yr old male was subsequently charged with 1st degree sexual assault of a minor, and intentional causing bodily harm to a child.

In April, the Waupaca Police Department received a report of a 32yr old male having sexual relations with a minor victim. A two month long investigation was initiated involving multiple interviews as well as a forensic interview of the victim at the child advocacy center. Cellular phone data, DNA evidence and a hard drive were recovered as evidence. Charges were ultimately forwarded to the District Attorney charging the 32yr old adult male with 2nd degree sexual assault of a minor, child enticement, Exposing genitals to a minor, and possession of child porn.

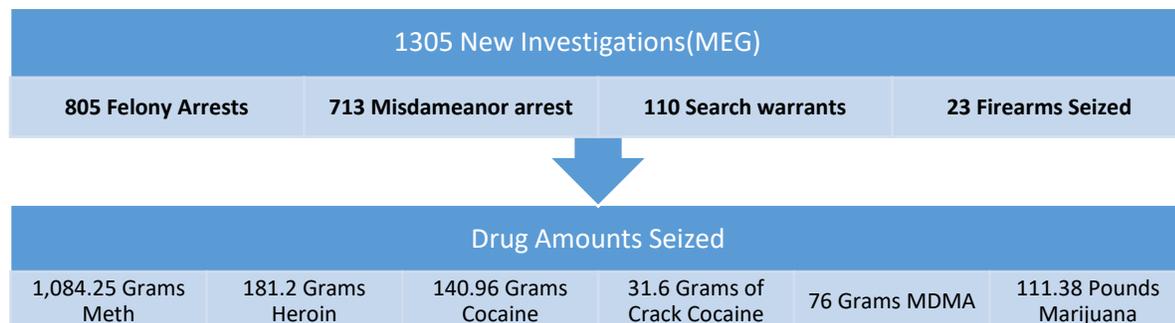

In May, the Waupaca Police Department received a report of a 33yr communicating to a minor child in South Carolina. The 33yr old male had spoken with the minor victim and sent the victim nude pictures of himself. An internet protocol address(IP) was found identifying the suspect to live in the City of Waupaca. A search warrant was executed on the suspect's residence. Cellular phone data, and computer hardware were collected as evidence. The suspect later confessed and was charged with exposing a child to harmful material.

In June the Waupaca Police Department received a report of a 24yr old male having sexual relations with a minor victim. Multiple interviews were completed, cellular phone evidence was reviewed and a photograph line-up was performed. As a result of this investigation, the suspect was charged with 2nd degree sexual assault of a child, child enticement and exposing genitals to a child.

Drug Offenses

Waupaca is not immune to the heroin and methamphetamine epidemic plaguing urban and rural areas throughout the country. In an effort to fight drug abuse and distribution in our community, the Waupaca Police Department has continued to have representation in the Central Wisconsin Drug Task Force. The task force is comprised of 14 law enforcement agencies within a seven county area in central Wisconsin. The task force is one of thirty two drug task forces in Wisconsin and is funded through grants which are disbursed by the Wisconsin Office of Justice Assistance. These funds as well as multijurisdictional assistance are invaluable in our investigatory efforts.

The Office of Justice Assistance also collects arrest, incident, and seizure data from the task force. The data is used to help evaluate the performance of the multijurisdictional unit, shape the state's anti-drug abuse strategy, and provide aggregate statistical information. The data below represents the Central Wisconsin Drug Task Force activity in 2017.

The Waupaca Police Department responded to 163 incidents in which drugs were identified to be involved. A majority of evidentiary drug items and paraphernalia collected during the year were prescription pills, paraphernalia, marijuana and methamphetamine. The chart below depicts drugs recovered by our department during 2017

City of Waupaca Recovered Drugs 2017

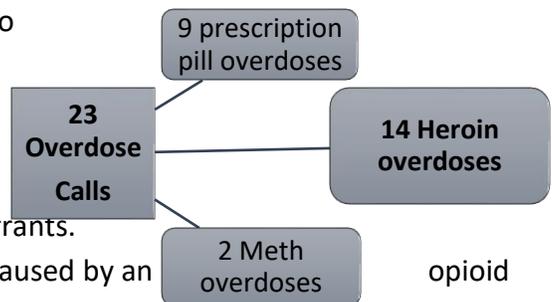

Drug Type	Quantity	Units
Prescription Pills	516.75	DU
Marijuana	117.9	GM
Paraphernalia	335	Items
Pipes(Specifically)	146	Items
Methamphetamine	52.04	GM
MDMA	50.4	GM
Psilocybin(mushrooms)	4.90	GM
Heroin	1.7	GM
Other narotics(pills)	41	DU

The amount of heroin recovered during the year is not a clear indication of the substances presence in our community. Heroin in particular is often either used or destroyed prior to an officer’s arrival. A more significant determination of Heroin in our community could be equated to overdose calls.

In 2017, the Waupaca Police Department responded to 23 calls related to drug overdoses. Fourteen subjects overdosed on heroin, three of which were on the same incident. Nine overdoses were a result of prescription medicine and two overdoses were the result of methamphetamine.

Nine residential search warrants were executed by our department during the year. The presence of Naloxone was found on many of the overdose calls and search warrants.

Naloxone is a medication that can reverse an overdose caused by an

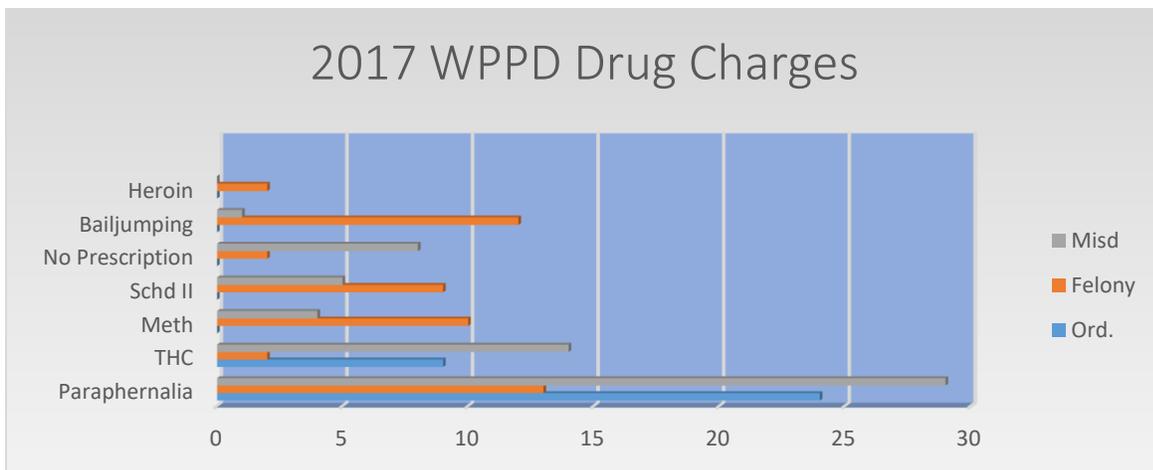

drug (i.e. prescription pain medication or heroin). When administered during an overdose, naloxone blocks the effects of opioids on the brain and restores breathing.

The presence of the Naloxone is a further indication of the heroin/opioid problem within our community. It is easily obtainable and often carried by subjects with an addiction to heroin. Naloxone has only one function: to reverse the effects of opioids on the brain and respiratory system in order to prevent death.

Officers received training in the use of Naloxone and subsequently were issued the drug in the form of a nasal spray. The drug is critical in saving a life of a patient who overdoses. It is also carried as a precaution in the event of an opioid contact overdose by Officers.

In 2017 the Waupaca Police Department made 149 drug related arrests. The charges consisted of 62 misdemeanor offenses, 54 Felony offenses and 33 ordinance citations. One hundred and thirty seven of the subjects charged were adults and eight were juveniles. The graph below depicts charges issued by the Waupaca Police department in relation to drug incidents.

Property Crimes

Property Crimes include many common crimes relating to theft or destruction of someone else's property. They can range from lower level offenses such as shoplifting, or vandalism to higher felonies such as burglary or arson. Some of these complaints can be handled immediately on scene, but others require more in depth investigation.

In February, an investigation of a residential fire from 2015 was re-opened. The fire resulted in a total loss of a residence valued at \$170, 000.00. The initial investigation determined the fire to be the result of Arson, but investigative leads diminished. A review of evidence determined potential leads. Victims, suspects and witnesses living in all areas of the State were re-interviewed. Search warrants were executed and a valuable piece of evidence was later

recovered which was directly related to the crime. A confession was subsequently obtained from a twenty one year old male who has since been tried and convicted of the offense.

In August, the Waupaca Police Department responded to a rash of criminal damage complaints in the downtown area. An estimated \$6,442 worth of damage was caused to five separate businesses. Officers checked private surveillance cameras in the area and were able to identify two juvenile suspects. The suspects were interviewed and a confession was obtained. Charges were subsequently referred to juvenile court.

Also in August, Officers responded to a report of damage to city property at South Park. The damage was estimated at \$400. Officers reviewed surveillance cameras in the area and were able to identify possible suspects. Interviews were completed and eight juveniles were cited for criminal damage to property.

In December, a suspect had fraudulently purchased multiple vehicles in the Appleton area on a closed bank account. One of the vehicles was ultimately sold in the City of Waupaca. The original owner of the vehicle and victim who had purchased the vehicle were contacted and questioned. A 46yr old male was later identified as a suspect. A confession was later obtained, the suspect was subsequently charged with theft by fraud, and the vehicle was returned to the owner.

As the influx of drugs such as heroin and methamphetamine become increasingly accessible, it will undoubtedly have an effect on crime. It is imperative our department continue a proactive approach to drug investigations, technology enhancement and training.

Respectfully Submitted,

Detective Sgt. John Helgeson

2017 Department Programs and Services

The City of Waupaca Police Department's Officers are committed to maintaining a positive relationship with the community and citizens we serve. Our officers work diligently day and night to keep our neighborhoods safe; however their commitment to the community does not stop there. During the 2017 year, officers participated in a variety of community programs and partnerships to enhance the quality of life and safety in our community.

Officer Paul Benzschawel continues to maintain and update the Waupaca Police Department Facebook page. The Waupaca Police Department believes that a social media presence is one way we can connect

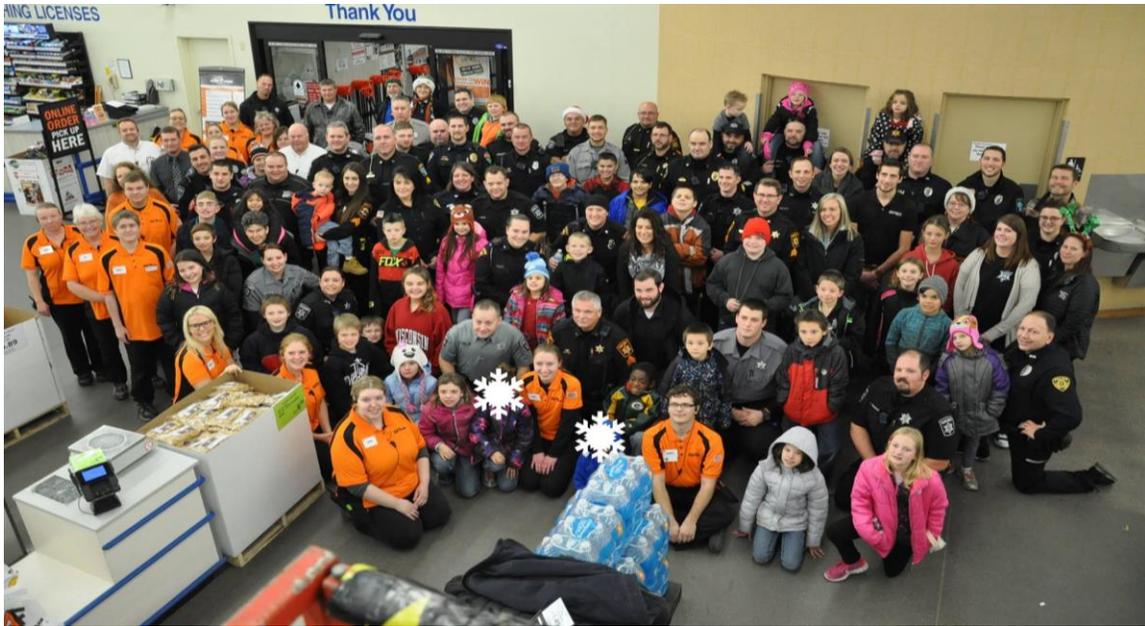

and communicate with citizens to share important information, and in doing so, create a partnership within the community. We use Facebook as a means to educate and warn citizens of potential scams, crime trends, and in some cases reach out to the community for assistance in identifying suspects or information that would help further an investigation.

We also use Facebook to communicate important times and dates for upcoming programs, such as the Drug Take Back Initiative and other services offered by the Waupaca Police Department or our partners.

Officer Matt Batte partnered with Pick n' Save and represented the Waupaca Police Department in the Stuff the Squad Event. Customers were able to purchase a five or ten dollar bag filled with food, which was gathered into one of the police department's marked squad cars. The official tally at the end of the event was 169 bags of food items which was then donated to the food pantry

Officers Bret Rodenz, Diana Flatoff, Wes Zube, Nicole Hahn, Tom Grant and Administrative Assistant Jeri Allen participated in the 4th annual Waupaca County Shop With a Cop Program. One of the most popular programs, Shop With a Cop pairs officers with children who are selected from less fortunate means. Money is raised through generous donations from community members and local businesses, and is used to purchase gifts for the child and their family members. Officers head out to Fleet Farm to shop with their child and return to the Waupaca Recreation Center where volunteers wrap and put the finishing touches on the gifts. Participants are treated to Little Caesar's Pizza, a visit by Santa Claus, and lots of fun and laughter along the way.

The Waupaca Police Department and the Police and Fire Commission adopted two families this year for Christmas with the help of Alderperson Lori Chestnut. Approximately 300 dollars was donated by officers and commission members which was used to purchase gifts and toys for the adopted families and their children.

Officer Bret Rodenz presented to three Step Wise classes this year. The program is geared towards topics specific to senior citizens. The topics included pedestrian safety issues, internet safety, and tips on protecting yourself against scams and other fraudulent financial activity. Each class had an approximate enrollment of twenty individuals.

Detective Sergeant John Helgeson and Police School Liaison Officer Wes Zube presented to a group called Family Works. Family Works is a private foster care facility which serves at risk youth. Topics of the presentation included current drug and alcohol issues within the City of Waupaca. There were approximately fifteen foster parents and human services workers in attendance from throughout the state.

The Waupaca Police Department participated in the Prescription Drug Take Back Initiative for 2017. This program offers a convenient time and location to dispose of unused or otherwise expired prescription drugs and other medications. The Waupaca Police Department hosted a prescription drug drop off location in the lobby of our police department on April 28th and October 28th, 2017. The results were a net weight of 79.45 pounds of prescription drugs that were properly disposed of.

These are just some examples of the programs and events our officers participated in, and the services offered last year. The Waupaca Police Department and our officers are committed to developing and maintaining a strong partnership with the community. Through community engagement, offering services the community wants, and actively participating in these programs, we believe we can deliver on our mission statement.

“We recognize that the primary purpose of our organization is not only the skillful enforcement of the law, but the delivery of humanitarian services which promote community peace”

– Excerpt from the Waupaca Police Department’s Mission Statement

Respectfully Submitted,

Sergeant Brent Krueger

WAUPACA COUNTY SWAT

Police response to an unusual emergency situation often requires specialized tactical units trained and equipped to take effective action. The Waupaca County Swat Team is designated for these types of situations. The primary goal of this unit is to contain, control, and resolve these situations as effectively and efficiently as possible while protecting life and minimizing the risk of injury to all persons involved.

The Waupaca County Swat Team is comprised of law enforcement S.W.A.T. officers throughout the county of Waupaca. A (S.W.A.T.) Operator is an officer who is trained in Specialized Weapons And Tactics. Law Enforcement Depts compiling the Waupaca County Swat Team are the Waupaca P. D., Waupaca County Sheriff's Dept., Clintonville P. D., New London P. D., and the Iola P. D. The Waupaca P. D. designated SWAT operators are Sergeant Mario Graceffa and Sergeant Brent Krueger.

The Waupaca County Swat Team will respond for deployment when ordered out by proper authority for the purpose of controlling non-routine/high risk incidents. Swat will provide a coordinated police response in situations where non-routine police action is required. Swat may be used if requested for the execution of high-risk warrants that may pose a danger to innocent persons or police personnel.

SWAT CALLS AND SERVICES 2018

JANUARY Waupaca Swat was called out to execute an arrest warrant at residence in the City of Waupaca. Information in the warrant included a possible Meth Lab at the residence. The subject of the warrant was believed and known to possess firearms. After execution of the warrant suspects were taken into custody for related drug possession/delivery offenses. Illegal narcotics, specifically methamphetamine, was seized as evidence during the warrant search. Officers also recovered US Currency and a firearm during the search.

MARCH Waupaca Swat was called out to execute a drug related arrest warrant at two separate residences in the City of Weyauwega. Information in the warrant included the suspects were distributing heroin. The subjects of the warrant was believed and known to possess firearms. After execution of the warrant suspects were taken into custody for related drug possession/delivery offenses. Illegal narcotics, specifically heroin, was seized as evidence during the warrant search. Officers also recovered US Currency and drug packaging paraphernalia.

JUNE Waupaca Swat was called out to execute a search warrant at a rural residence located in the County of Waupaca. Information in the warrant included four persons of interest wanted for the commission of burglaries. In addition to the burglaries suspects were also under investigation for distribution of heroin. Suspects were known to carry firearms and have firearms in the residence. After the execution of the warrant suspects were taken into custody for related drug possession/delivery offenses. Illegal narcotics, specifically heroin, was seized as evidence. Officers also recovered several items of property from the residence on the original burglary cases.

JULY Waupaca Swat was called out to execute a search warrant at a residence located in the City of Waupaca. Information in the warrant included three persons of interest wanted for the distribution of narcotics. Suspects were known to carry firearms and have firearms in the residence. After the execution of the warrant suspects were taken into custody for related drug possession/delivery offenses. Illegal narcotics, specifically heroin, was seized as evidence. Officers also recovered firearms, US currency, and drug paraphernalia from the residence.

September Waupaca Swat was called out to execute an arrest warrant at a rural residence located in the County of Waupaca. Information in the warrant was included one male suspect wanted for substantial battery and terroristic bomb threats. The residence was placed under 24 hours of surveillance. Suspect was known to have a handgun. During the execution of the warrant the male suspect barricaded himself in an attic. Swat Operators entering into the attic area received gunfire from an automatic handgun upon entry. Swat Operators returned gunfire and the suspect surrendered. A Swat Operator received a non-life threatening gunshot wound from the suspect's firearm during the exchange. After the execution of the warrant the suspect was taken into custody on attempted murder charges. Officers also recovered firearms and explosive materials from the residence.

In addition to the calls for service the Waupaca Swat Team maintains a vigorous training schedule. The Waupaca Swat Operators trained monthly in several tactical areas. Swat Operators train for scenarios in hostage rescue, active shooters, barricaded subjects, negotiations, and executions of warrants. The majority of the Swat Operators are State Certified Instructors in several police disciplines.

Respectfully submitted

Sergeant Mario Graceffa

2017 Budget Summary

Though the city's 2015 population is estimated at 6,069 much of the area's population lives outside the city limits in surrounding townships. The Waupaca area supports a service area of over 30,000 people within a 15 mile radius of the city. Waupaca serves as the county seat encompassing approximately 8.01 square miles of land and has about 47.20 miles of road.

The 2017 Budget for the Waupaca Police Department was \$1,579,309.00. The budget is broken down into 7 different areas or “programs”, including Police Administration, Police Patrol, Clerical, Drug Enforcement, School Patrol, School Liaison and Building. Table 1 depicts the actual budget for specific programs for 2017. In 2017, the Police Department came in over budget by 1.13%, or approximately \$17,892.47. However, the Waupaca Police Department received \$18,498.27 in revenue as depicted in table 2 of the 2017 Police Department Revenue Summary. This revenue included OWI Grant funds of \$14,865.51, \$2,400 in State Aid from Police Training, Drug Grant \$1,005.53, and \$227.23 from the Federal Government for vest replacement program. The actual budget would be \$1,578,703.25 which is \$605.75 under budget or .00038% under budget.

2017 BUDGET SUMMARY				
	Budgeted	Actual	Difference	Percentage
Police Administration	\$249,868.00	\$238,609.97	\$11,258.03	95.49%
Police Patrol	\$1,113,018.00	\$1,157,757.87	(\$44,739.87)	104.02%
Clerical	\$71,985.00	\$68,549.20	\$3,435.80	95.23%
Drug Enforcement	\$6,263.00	\$3,037.25	\$3,225.75	48.50%
School Patrol	\$10,654.00	\$13,148.20	(\$2,494.20)	123.41%
School Liaison	\$50,582.00	\$45,287.50	\$5,294.50	89.53%
Building	\$76,939.00	\$70,811.48	\$6,127.52	92.04%
TOTAL	\$1,579,309.00	\$1,597,201.47	\$17,892.47	101.13%

Table 2

Police Department 2017 Incident Analysis

The Police Department tracks every call an officer is called to, including all self-initiated field activity (SIFA). Table 3 depicts the yearly summaries with a percentage depicted for each category shown in Figure 2 on the next page. This depicts an increase in Incidents of 11.86% as shown on the right hand side of Table 3 when compared with 2016. A summary of each category is as follows:

Assist: General Citizen assists to include assisting EMS, FIRE, businesses, motorists and assisting other agencies.

Criminal: All calls related to criminal activity, such as burglaries, thefts, drug offenses, and domestic disturbances.

General: This category includes a variety of services, including animal complaints, delivery of other legal notices, follow up investigations, and community presentations.

Ordinance: General ordinance violations, such as animal complaints, disturbances, bad checks, truancy, and permit violations.

Service: General Service related calls, such as missing persons, special patrols, and warrant arrests.

Traffic: All traffic related calls, such as speeding, OWI, school zone enforcement, traffic direction, and accident investigation.

YEAR	2012	2013	2014	2015	2016	2017	Percent Change

Uniform Crime Reporting Summary

The Federal Bureau of Investigation's Uniform Crime Reporting (UCR) Program, which began in 1929, collects information on the following crimes reported to law enforcement authorities: homicide, forcible rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson.

Table 4 below shows UCR data from 2012 thru 2017. In 2017, The WPD saw a 5.3% decrease in UCR Crimes from 246 in 2016 to 233 in 2017.

UNIFORM CRIME DATA SUMMARY							
YEAR	2012	2013	2014	2015	2016	2017	% 2016-2017
Murder	0	0	0	0	0	0	0%
Sexual Assault	2	1	3	0	4	2	-0.5
Burglary	23	7	27	21	14	13	-7.1%
MV Theft	0	2	4	6	8	4	-50.0%
Robbery	2	4	2	3	0	0	0.0%
Theft	192	167	219	170	194	181	-6.7%
Assault	34	36	35	32	26	33	26.9%
TOTAL	253	217	290	232	246	233	-5.3%
