IMPORTANT

While we make efforts to ensure that our lists of doctors and hospitals are up to date and accurate, providers do leave our networks from time to time, and these listings do change. There are hospitals, doctors or other providers who are not included in every plan network. **Please make sure you are searching the right network.** Logging in as a member is the most accurate method to search for providers in your plan network. You may also enter your Prefix (the first three values of your member number on your ID card). There may be higher costs to you if you visit a provider who is not in your plan network. We recommend you contact the provider to confirm that they are in your plan network and that the desired service is covered.

Please note that depending on your plan and benefits, some specialists may be able to serve as your primary care physician. To verify your benefits or copay, please check your Certificate or Summary of Benefits or call Customer Service.

You are strongly encouraged to contact us to verify the status of the providers involved in your care including, for example, the anesthesiologist, radiologist, pathologist, facility, clinic or laboratory, when scheduling appointments or elective procedures to determine whether each provider is a participating or non-participating provider. Such information may assist in your selection of provider(s) and will likely affect the level of co-payment, deductible and amount of co-insurance applicable to the care you receive. The information contained in this directory may change during your plan year. Please contact the customer service number on the back of your ID card to learn more about the participating providers in your network and the implications, including financial, if you decide to receive your care from non-participating providers.

Medicare Assignment

Medicare Information

To find providers that accept Medicare Assignment, please visit:

www.medicare.gov (<http://www.medicare.gov>)

Important information for Medicare Supplement insurance customers: doctors or other providers that accept Medicare Assignment will accept the Medicare-approved amount as payment in full on all Medicare claims, and only bill for any deductible, copay or coinsurance amount.
