

Waupaca Area Public Library transitioning to Curbside Service Only.

In response to pleas from local hospital administration and county health officials, the Waupaca Area Public Library will further limit library services by eliminating in-person browsing as of **Friday, October 9th**. The library will continue to provide contactless service options and in-person internet, computer, or study room use. This decision will be revisited every two weeks. This will remain in effect until we are able to safely reopen. Our service hours will not be affected at this time.

Services Available Include:

- Placing holds and interloaning items from other libraries
- Book drops remain open
- Digital downloads
- Wi-fi access
- Fax, printing and email services
- Technology help
- Borrowing newspapers and magazines
