

**Mirror & Shadow Lakes  
Management Planning Project  
Wrap-Up Meeting**  
**Saturday, August 13, 2022 – 9:00 AM**  
**Council Chambers-Waupaca City Hall**  
**111 S. Main Street Waupaca, WI 54981**

---

Onterra, LLC is facilitating a *Wrap-up Meeting* to present the Mirror and Shadow Lake's comprehensive management plan that has been developed for the Waupaca Inland Lakes Protection & Rehabilitation District and Friends of Mirror-Shadow Lakes (FOMSL). The presentation will highlight the study results relating to Mirror and Shadow Lake's water quality, watershed, paleoecology, shoreland condition, aquatic plants, and fisheries. A discussion of the planning process that led to the creation of the Implementation Plan will follow. The Implementation Plan includes specific goals and actions that the District and FOMSL will enact as they strive to protect the lake and address the challenges facing the lake's stakeholders. The meeting will allow participants to ask specific questions about the Mirror-Shadow Lake ecosystem or about the management plan that was created.

Todd Hanke, an aquatic ecologist with Onterra, LLC, speaks to a lake group in Oconto County about the results of their lake management planning project.
